

NEW TRACK MEN PRACTICE DAILY

Annual Fall Try-Out at Virginia Will Take Place Saturday

(Special to The Times-Dispatch.)
Charlottesville, Va., October 27.—The annual fall track try-out at the University of Virginia will take place on Saturday. The track candidates, already in the pink of condition, with many weeks of hard practice behind them, are now at work putting on the finishing touches. The distance men, those out for the half, mile and two-mile, have discontinued the cross-country work and at present are doing speed work on the track. Among the distance men who have been out for cross-country are Carr, Sloan, Beltrame, Plunkett, Toulin, Hart, Wilcox and Wheeler.

The new men are showing in much better form at each practice. They are slowly mastering the fine points of the start, and are getting down to the easy swing and stride, which comes only with careful coaching and constant practice. Among these new men who are showing up well are Gill, Hammer, Hildreth, Boyle, Lane and Grone.

W. Douglas has been doing some sprinting lately to increase his speed in the quarter and half. Yesterday he made a first-rate record in the trials. Worthington is plugging away at the pole vault. W. R. Ward has been doing good work at high and broad jump, and is also showing good form in the hurdles.

It has been learned with much regret that Bob Burke has withdrawn from the university on the advice of his physician. His loss will be sorely felt, as he was one of the best sprinters in college, having run second in the 100-yard dash in the Yale meet. In the sprints the work of Ashby and Fife will be depended upon to win points.

CLOSE FINISHES IN FAIR RACES

Attendance on Fayetteville Exhibition Largest on Record.

(Special to The Times-Dispatch.)
Fayetteville, N. C., October 27.—Today's racing at the Cumberland Fair was excellent, each of the three events furnishing a series of exciting finishes. In the 2:15 race, after Montague had won two heats and lost one in a grueling finish, he broke in the early stages of the fourth, and King James took a long lead. But the game Little Montague came from behind with a spurt at the close and won by a length.

2:15 class—pace, purse \$300—Bay-teid, b. g. (McIntosh), 4, 4, 4, 4; King James, b. g. (Jamison), 1, 2, 2, 2; Montague, g. (Leach), 3, 3, 3, 3. Time, 2:20, 2:20, 2:20, 2:22.

To-day's attendance on the Cumberland Fair was the largest on record. Ten trains and innumerable vehicles hauled pleasure seekers into the city until it was estimated that 15,000 visitors were here. The crowds were of prosperous looking and good-natured, and enjoyed every minute of the fair, which is generally regarded as the most successful ever held here.

Suspension Will Hold in Atlanta

Secretary P. M. Nye Says Oldfield Cannot Race So Long, as A. A. Says No.

Atlanta, Ga., October 27.—When asked to-day about the possibility of Oldfield being permitted to compete in the automobile race next week at the Atlanta Automobile Association, said:

"No driver will be allowed to compete if he is not in good standing with the American Automobile Association."

Oldfield was disqualified by the American Association for entering an unauthorized race with Jack Johnson. Oldfield is one of the fifty-three entries made up to-night, and it was reported to-day that he might choose this meeting as an occasion for courtship to secure restoration of his standing with the A. A.

Barney Oldfield left Richmond last night at 11:15 for Atlanta. No statement from him could be obtained prior to his departure.

DEAL FOR PLAYERS CAUSES TROUBLE

Philadelphia-Cincinnati Situation May Be Handled by National Commission.

Philadelphia, Pa., October 27.—Charles S. Doolin has resigned as manager of the Philadelphia National League club. President Horace S. Fogel has not received the resignation. Fogel has wired President Lynch, of the National League, requesting him to warn President Herrman, of the Cincinnati club, not to tamper with the Philadelphia players, and has also wired the Philadelphia deal, which has caused so much turmoil in the Philadelphia club, is off.

President Fogel said to-night that he probably will receive Doolin's resignation to-morrow morning. In speaking of the matter to-night, Fogel said:

"I do not take Doolin seriously. I believe that he will cool down and view this matter in the proper light. Of course I cannot take any action upon the alleged resignation until I receive it."

President Fogel looks upon the reported threat of President Herrman to

take the matter before the National Commission as a joke.

Both Doolin and Fogel were present at a banquet given by the owners of the Athletic club to the world's champions to-night, and occupied seats where their elbows almost touched, but neither appeared anxious to discuss baseball.

Will Result in Appeal.

Cincinnati, Ohio, October 27.—Declaring in a telegram to President Horace Fogel, of the Philadelphia National League club, that titles to the services of Players Grant, Bates, McQuillen and Moren rest in the Cincinnati club, President August Herrman, of the local organization, to-day prepared to send contracts to the players for the season of 1911.

Herrman acted upon receipt of a telegram from Fogel, which was couched in vigorous terms, and to which a reply of equal warmth was sent.

These messages showed that the attempt of Mr. Fogel to call off the deal by which the four Eastern players were to be exchanged for Lobert, Parkert, Beebe and Rowan, of Cincinnati, is destined to result in an appeal to the National Committee.

WATER SYSTEM GROWS RAPIDLY

Eight Miles of Pipe Lines Laid in Last Twelve Months.

The Council Committee on Water last night authorized the construction of a twelve-inch water main in Shepherd Street to the property of the Southern Benedictine College. It being represented that that institution is about ready to begin building operations, and that other buildings would follow in that vicinity. Contract was awarded to E. C. Woodward for \$750 for construction of certain houses needed for the operation of the Settling Basin in winter weather. In response to the petition of the Standard Paper Company, in South Richmond, for a connection large enough to permit the installation of a sprinkler system, the

committee compromised by authorizing a six-inch main in lower Hull Street to the fire plug, the paper company to continue the main from that point for about a half a block, and thence into its own property.

The subcommittee on adjustment of salaries in the department reported that it had not yet had a meeting, and the matter was continued. The question of the employment of a second assistant to take charge of the South Richmond water plant was not gone into, the ordinance creating that position being now before another committee.

Meanwhile, the City Attorney has given Superintendent Davis an opinion to the effect that as an emergency measure he had ample authority to employ such men as were necessary to operate the plant, pending final action on the proposed ordinance. Under that opinion Mr. Davis has appointed Charles Burkett, formerly superintendent of the Manchester Water Works, to take charge and act as a second assistant in the Water Office.

Mr. Davis reports that the creation of the office is an absolute necessity, and is especially important while a separate plant is being operated on the Southside, as obviously some one must take charge of it. Under the ordinance governing the department, First Assistant Superintendent William Lawton, Jr., who is a capable engineer, has charge of all outside construction work, and with the large undertakings, both by bond issue and from current funds, he has his hands full.

He reports that in the past twelve months the city has laid more than eight miles of service mains, while in no year previous since the establishment of the department has as much as five miles been laid.

EDUCATIONAL RALLY IS HELD AT PARTLOW

Enthusiastic Meeting in Interests of New High School Reception to Former Pastor.

(Special to The Times-Dispatch.)
Fredericksburg, Va., October 27.—A big educational meeting was held yesterday at Partlow, in Spotsylvania county. A large crowd was present, and took the greatest interest in the proceedings. James Ashby, superintendent of public schools of Stafford and Spotsylvania counties, presided, and inspiring speech were made by Superintendent of Public Instruction J. D. Eggleston, of Richmond; Professor A. B. Chandler, of Fredericksburg; State School Examiner, Hon. Rosewell Page, of Hanover county, a member of the Legislature, and Carter Road, superintendent of the public schools in Hanover county. It was

a great rally in the interest of education, and big work was accomplished. The object was to arouse sentiment in behalf of the establishment of a high school at Partlow, and to raise money by private subscriptions towards the erection of a high school building. About \$1,500 was subscribed by citizens, which will be supplemented during the day a big dinner was served under the spreading trees, and a musical program was a feature of the exercises.

O. L. Harris has been elected a trustee of the Fredericksburg Lodge of Elks to succeed Elbert W. Carter, who will move to Louisville, Ky.

Mr. and Mrs. Absalom Waller have closed their home in Spotsylvania county, and after a visit to New York, will locate in Washington for the winter. Miss Mary Madison Jones, sister of Mrs. Waller, will spend the winter in Washington, and will be one of the season's debutantes.

Elmer Embrey, of Stafford county, was the owner of a hen which has just died, which reached the age of fourteen years. She laid eggs up to the time she was thirteen years old. This is remarkable for a hen, as the average age is only five years.

S. Dill, D. D., former pastor of the Baptist Church here, in the church on Friday night by the congregation. Dr. Dill was pastor of this church for four years, resigning to accept a call to a Baptist Church at Bowling Green, Ky. He will be here a day, a guest of Rev. R. A. Williams, the present pastor of the church.

McCarthy-Fletcher.
(Special to The Times-Dispatch.)
Charlottesville, Va., October 27.—Sherman McCarthy, of Academy W. Va., and Miss Hazel Kirk Fletcher, of this city, were married last evening at the parsonage of the First Baptist Church, Rev. Furman H. Martin, D. D., officiating. Mr. and Mrs. McCarthy left for Washington and other points.

Trade Report.
Bradstreet's to-morrow will say for Richmond and vicinity:

Trade conditions as a whole have a favorable aspect; fall orders for seasonable commodities are well in volume and up to the average. Shoes, furniture and trunks continue active. Produce is in good demand. The apple crop in Virginia is reported better than in any recent year. Wholesale milliners have had a good season. Retail trade is fair, though retarded by continued warm weather. Drugs and chemicals are active. Naval stores are firm at recent prevailing prices. Collections are only fair.

There are places where and times when a man hasn't the chance to finish a

Robert Burns 10c Cigar

and must throw away his half-smoked cigar. Therefore, the

Little Bobbie 5c Cigar

exactly the same as his "father." Only half the size, so one half the price. Keep a box of both at hand. There's no difference except in the saving. Same tobacco—same workmanship—same mildness—same aroma—same dealers sell both.
